6<sup>th</sup> Floor, Chandralok Building, 36, Janpath, New Delhi-110001 Dated: 31.03. 2011

To,

The Project Director, Andaman& Nicobar State AIDS Control Society

# Sub: Approval of Annual Action Plan for the year 2011-12

Sir/Madam,

Please refer to your letter submitting the draft Annual Action Plan for the year 2011-12 and the discussions with NACO. The Annual Action Plan prepared by your Society has been further scrutinized in NACO and administrative approval for an amount of Rs 170.31 Lakhs (Rupees One Crore Seventy Lakh and Thirty One Thousand only) is hereby accorded as per the following breakup:

				Total Allocation (R	s. In Lakhs)		
SI. No.	Sub-Component	Pool Fund	GFATM RCC-Rd. II(ICTC)	GFATM RCC Rd. IV(CST)	GFATM Rd. VII	UNDP	Total
1	Prevent New Infections	58.71	42.72	T (all 1			101.43
11	Care Support & Treatment			1.03			1.03
Ш	Institutional Strengthening	60.20					60.20
IV	Strategic Management Information System	7.65	-	An a January			7.65
Tot		126.56	42.72	1.03			170.31
	Grand Total			170	.31		

The above approval is subject to the following conditions:

- The overall allocation indicated above is subject to the clause that the outstanding cash balance and advance as on 1.4.2011 is part of the approval.
   In other words, further releases will be made only after deducting the advance and cash available with the state as opening balance.
- SACS should carry out the activities as shown above without waiting for approvals of Executive Committee and ratification of executive committee
  may be obtained.
- Inordinate delay is observed in placing orders for equipment / supplies. These should be done within a week of receiving approvals of NACO.
   Procurements should be initiated and finalized, as per the procurement plan prepared and approved.
- The above figures represent ceilings beyond which expenditure should not be incurred on any activity. Actual fund will, however, be provided by NACO as per availability.

- 5. No change in allocation among different components shall be made without NACO's approval. Re-appropriation between activities within a component can be approved at the society level, to meet local needs. This should be informed to NACO well in advance. However, such reappropriation should not adversely affect the physical targets indicated in the plan. However, re-appropriation between implementation cost and operational expenses like salary should not be done at SACS level without the concurrence of NACO.
- The existing pattern of assistance as approved and conveyed from time to time by NACO should be followed.
- SACS shall ensure that up to date information of the programme performance is sent through the CMIS package and the accounts are maintained through CPFMS. Reasons for variance shall have to be provided through the CPFMS.
- The funds for SBTC activities will be released by State AIDS Control Societies after ensuring that the Audit statement and Utilization Certificates till
  2009-10 for the funds provided by NACO and Provisional Utilization Certificates (based on statement of expenditure for the year 2010-11) have been
  submitted to NACO and their Annual Plan for 2011-12 has been approved by Governing Body.
- 9. The minimum quarterly target for expenditure has been earmarked at 19%, 24%, 24%, and 33% respectively for each quarter. This is as per requirement of the modified cash management system wherein "quarterly targeted budget allocation" is to be maintained. The SACS not able to incur the minimum expenditure as per the fixed targets is likely to have their annual plan reduced and corresponding lesser releases in the subsequent quarter.
- The Physical targets as indicated are as per baseline figures reported by SACS and targets from the year 2011-12 agreed with. The targets also
  correspond to the funds available for the current financial year. Changes if any will be only with concurrence of NACO.
- Quarterly plans indicating the physical and financial targets against each activity under the approved annual action plan may be submitted by SACS by end of April 2011. This will from the basis of periodic reviews at NACO.
- Procurement should be strictly as per World Bank guidelines, as applicable to the National AIDS Control Project Phase III for pool funds and as per the Procurement and supply Management Plan for each round of GFATM.
- 13. No vehicle shall be purchased from NACP funds except for purchase of mobile ICTCs wherever approved in the action plans
- Procurement Plan and Training plans duly approved are enclosed at Annexure II & III separately. SACS are requested to adhere to this
  meticulously.
- 15. As the NACP-III is coming to a close in 2012, priority should be given for advance adjustments in this year. Otherwise, expenses relating to NACP-III would become ineligible for reimbursement in the coming year.

Yours faithfully,

(Kanwaldeep Singh)

Director (Finance)
